Aeromedical (see special September aeromed issue)			Prop Safety on the Flight Deck and the One That Got Away — two stories on prop hazards	AUG 14	
It's Okay to Yell "Uncle" — airbreak — don't fly with a cold!	JAN 6		Getting Out of Line — E-2 and C-2 lineup hazards	AUG 38	
Quit Being a Blob — diet advice	JAN 28		BZ — VAW-127	OCT 40	
Am I Really Well Enough to Fly? — stress as an input	JUN 1				
Stress, Can It Affect You?	SEP 6		F-14		
Caffeine and the Naval Aviator — does coffee affect your flying ability?	SEP 8		Lighting Strike — the pilot is blinded and his RIO talks him down	APR 24	
Hypoxia: The Danger Signs Aren't As Obvious As You Think	SEP 11		"Trust Me, I Know What I'm Doing." — the new RIO learns otherwise	JUN 16	
Reflections of a Senior Flight Surgeon: Special Kinds of Aviator	SEP 12		Lost — returning from a mission, one hour's fuel, the crew can't find the ship	OCT 27	
What's Your Count? — cholesterol facts	SEP 16		Partial Panel? No Sweat!	OCT 62	
Know When to Say No — don't fly when you're sick	SEP 20		A Very Short Flight — crew ejects after takeoff and is rescued by a police helicopter	NOV 42	
Ear Block! — what to do if it occurs in flight	SEP 22		Just Another Aviation Nightmare — ejection off the cat	NOV 45	
Loss of Consciousness: It Could Happen to You	SEP 24		Just Like All the Other Ones — pilot confuses gear up with gear down	DEC 45	
Pressure and the Response of Aircrew in Combat — a unique view of combat stress	SEP 26				
A (Tooth) Fairy Tale — taking care of your mouth	SEP 31		F/A-18		
Cooperation — Navy and Marines coordinate rescue of injured Marine	SEP 42		The Blue Angels and Their F/A-18s — first year with the Hornet, an assessment	JAN 2	
"In Sickness and in Health" — when your body sends signals, listen up	OCT 39		I Can Hack It — to tank or not to tank	MAY 14	
Air Control			BZ — VFA-136	JUN 23	
Conflicting Approaches — airbreak, C-12 incident	JUN 7		BZ — VMFA-314	JUN 25	
Aircraft Types			Think It Out...Before It Happens — Hornet on off the cat	OCT 10	
TA-4J			BZ — VFA-113	OCT 41	
Get-Home-itis — a student and his instructor press on even when the weather turns bad	APR 32		H-1		
Are You Ready to be On-Scene Commander? — good ejection story	MAY 28		BZ — HML-267	DEC 22	
Night Form Midair — airbreak	JUN 7		H-3		
A-4 With Afterburner — crew stays with crippled Skyhawk	JUN 28		BZ — HS-3	JUN 22	
BZ — VC-13	SEP 39		BZ — HS-5	DEC 23	
Headwork — night bingo from the ship	OCT 38		H-46		
A Very Dark Night — ejection story	NOV 41		BZ — HMM-266	MAY 20	
A-6/EA-6B			BZ — HC-6	MAY 22	
Advantage Not Taken — B/N saves sleepy pilot	JAN 18		H-46 Emergency Flotation System	JUL 30	
BZ — VMA(AW)-533	JAN 24		BZ — HMM(C)-164	AUG 34	
The Radome's Gone! — Prowler loses its radome	MAR 6		Just Another Walk in the Park — H-46 losing oil pressure	DEC 12	
The Dead End Path — Prowler night tanking	MAY 16		H-53		
Canopy Closing Incidents — airbreak	JUN 6		BZ — HMM-463	FEB 24	
BZ — VA-145	JUN 23		BZ — HM-12	MAY 21	
Anatomy of an Ejection — EA-6B story	JUL 36		BZ — HM-14	MAY 22	
BZ — VA-185	SEP 38		H-57		
Nobody's Perfect — crew nearly stalls behind the boat	OCT 48		BZ — HT-8	SEP 37	
Assumptions — confusion during a Prowler's rails pass upsets a lot of people	OCT 60		BZ — HT-18	NOV 33	
Hoc x Down? — never assume a checklist is complete	OCT 63		H-60		
Into the Island — An NFO's Eye View — EA-6B crewman's story	NOV 36		BZ — HSL-42	JAN 25	
A-7			BZ — HSL-44	NOV 32	
BZ — TA-7C loses wheel	JAN 22		"You Practice Like You Play" — an H-60 inbound on a single engine	DEC 34	
Warning Signs of HUD Dependency in the Corsair	FEB 28		We Can Do It In Our Sleep — ASW mission with a torpedo malfunction	DEC 38	
Corsair Relight — critical engine problems	MAR 48		OV-10		
BZ — NATC, Pax	AUG 32		BZ — VMO-2	FEB 27	
Vote of Confidence — an A-7 with fuel-transfer problems is shepherd home	OCT 58		P-3		
Chain of Events — a runaway A-7 on the flight deck	OCT 59		How To Gain 2,000 Hours of Experience in One Flight — 70-kt headwind makes problems	JAN 8	
Over the Edge — pilot ejects off the angle	NOV 28		"So, Here I Sit Broken Hearted But Alive" — a critical mission and a chance to show the Air Force a Navy all-weather pilot	APR 41	
Eight Seconds to Eject — pilot ejects on deck	NOV 47		When Flying Becomes "Stranger Than Fiction" — Orion loses its No. 1 prop 400 miles from home	JUN 18	
BZ — VA-94	DEC 20		No Place to Land — overcast weather at the destination and planning flight	AUG 18	
AV-8B			Pilot in Command vs. Pilot at the Controls — aircrew coordination problems during a landing mishap	AUG 40	
Low-Level Relight — aircraft save at 200 feet	MAR 53		BZ — VP-49	DEC 21	
Bird Strike! Bird Strike! — pilot's story	AUG 20		S-2		
BZ — VMA-542	SEP 36		Old Trackers Never Die — an Argentine Navy pilot's experience	OCT 15	
The AV-8B on the JFK — Harriers on carriers	OCT 24		S-3		
Shot Down in the Atlantic — RAF pilot is shot down in the Falklands; his survival story	NOV 28		Aviate, Navigate — Coordinate — low-viz landing in NORPAC	APR 34	
C-9			Blue Water Survival — ejection story	JUL 20	
BZ — VR-60	JUN 22		T-2		
C-12			BZ — VT-23	OCT 43	
BZ — NAS Norfolk	AUG 35		My First CO — a student saves his aircraft and a loaded C-2	OCT 44	
C-130			TC-4C		
BZ — VMGR-352	JUN 24		TICs Note 20 Years of Mishap-Free Flying	DEC 36	
Go Around Is Not An Option — aircraft has a landing problem	DEC 10				
E-2					
BZ — VAW-115	MAY 23

T-34			1987 Ejection Summary	NOV 20	
A Teeny-weeny Mistake — trainer runs into wake turbulence behind	AUG 29		The PR That Ate New York — don't get caught with personalized	NOV 23	
behind a C-130			flight gear		
BZ — VT-2	OCT 42		Over the Edge — A-7 pilot ejects off the angle	NOV 26	
Birdstrikes			Shot Down in the Atlantic — RAF pilot is shot down in the Falklands;	NOV 28	
One For the Falcon — USAF F-16 ingests a bird; pilot gets	FEB 30		his survival story		
his aircraft back			The Decision to Eject — Israeli views	NOV 34	
Vector to a Bird Strike — E-2 vectors EA-6B toward a flock of birds	MAR 14		Into the Island — An NFO's Eye View — EA-6B crewman's story	NOV 36	
It Pays to Fly With the Visor Down	MAR 35		A Very Short Flight — F-14 crew ejects after takeoff	NOV 42	
Dodging Feathered Bullets — USAF BASH team's view	MAR 50		A Very Dark Night — TA-4J night ejection	NOV 41	
Bird Strike! Bird Strike! — AV-8B pilot's story	AUG 21		In Cold Water — the helo dunker helped save a pilot when his	DEC 18	
Carrier Operations (see October special CV/LSO issue)			car sank		
Mending a Wrong With a Right — walking in front of a landing S-3	JAN 15		The Rescue of the Bonefish — a two-part story on the rescue of	DEC 26	
can ruin your day			submarine crewmen		
Alert 30 Lessons — E-2 story	FEB 14		It Won't Happen To Me — HEED saves another life	DEC 46	
Breaking the Chain — snow on the flight deck cancels a launch	APR 10		Flight Operations (see March special issue on low-level flying)		
Weather Mins and the Carrier Pilot	APR 26		There's Nothing Like An Alert Launch — escort rules and warnings	FEB 21	
Aviate, Navigate — Coordinate — an S-3's low-viz landing in	APR 34		Hazards of Flying Low-Level — vision isn't foolproof	MAR 2	
NORPAC			The Ground Still Has a Pk of 1.0 — low-levels require aviating	MAR 8	
Prop Safety on the Flight Deck and the One That Got Away — two	AUG 14		and navigating		
stories about hazards around props			A Near-Fatal Flight — close call during a low-level overseas	MAR 16	
Proficiency Demands Practice — a two-week layoff can make you rusty	OCT 8		No One Minding the Store...Again! — a new A-6 crew on a low-level	MAR 26	
The Rooster Tail vs. The Burble — a discussion of phenomena behind	OCT 12		It Doesn't Cry Wolf — precision approach turns into a low-level flight	MAR 27	
the ship			The Dreaded Flight Violation — it's hard to admit you're lost	MAR 29	
"Rig the MOVLAS, Station 3."	OCT 16		GCAS...And What It Can Do For You — it can alert you to	MAR 60	
Bolter! Bolter! — abnormal wind recoveries challenge the LSO	OCT 18		hazardous conditions		
Who Are All These People on the Platform? — the LSO team's	OCT 19		The Aircraft Preflight: Last of a Dying Breed?	JUN 26	
individual jobs			Formation Flight: The Quiet Killer	AUG 2	
"Take That Wave-Off!" — confusing a Prowler with an intruder could	OCT 21		Just a Cross-Country? — planning a trip	AUG 12	
be costly			The Back Home Syndrome — barricades and people at the	DEC 14	
The Lecture I Never Got — a new B/N's experience walking on the	OCT 22		approach end		
flight deck			B.I. Don't Leave Home Without It — few things can kill you as	DEC 16	
Back to the Ship — after the turnaround, it takes time to work	OCT 23		easily as a lousy instrument scan		
out the kinks			Crew Coordination Overkill	DEC 17	
A Night on the "Fright" Deck — hazards in the dark	OCT 29		Ground Operations and Maintenance		
Things Don't Change — even after 25 years	OCT 30		A Special Relationship, Pilots and Technicians — protecting your	FEB 5	
Looking Good, Looking Bad — clipping wings on the flight deck	OCT 32		ground crews and assets, 3 A-6 tales		
What a Day! — accumulated memories of flight deck problems	OCT 47		Static Display Safety	FEB 32	
The Dangers of a Turning Ship — observations on turning the ship	OCT 51		Clear the Canopy — caution around the A-6's cockpit	JUN 5	
during SAR			Canopy Closing Incidents — airbreath	JUN 6	
Just Another Routine EMCON Alfa Launch—the ship wasn't where it	OCT 55		Showing the Ropes — learn from a chief	JUN 21	
was supposed to be			Helicopter		
Fire! Fire! — always a danger on a carrier	OCT 56		Where Were You When the Lights Went Out? — H-2 crew makes	JAN 10	
Assumptions — confusion during a rails pass upsets a lot of people	OCT 60		emergency landing in a field		
Ejection and Survival (see July and November special issues on life			The Doppler Always Acquires	JAN 12	
support, and ejection)			"Goggle-Up!" — night vision goggles, a USAF view	MAR 20	
An Evening in Starboard Delta — H-3 ditches and an A-7 pilot	FEB 6		Helicopter-Aero Vortex Ring State — a discussion	MAR 54	
saves the crew with smart headwork			All In a Night's Work — helo pilots should heed environmental	MAR 59	
501...You're On Fire — A-6 crew ponders the ejection question	MAR 18		warnings		
Down But Not Out — an exchange pilot tells his ejection tale	MAR 36		You Gotta Have a Plan — a routine night flight runs into bad weather	APR 12	
Are You Ready to Be On-Scene Commander? — good coordina-	MAY 28		Bad Day — an H-2 recovers in "a wall of green water"	APR 22	
tion story			Helicopter Air Refueling: Increased Readiness Through Training —	MAY 30	
A New Era in Water Survival — increased chances of survival in	JUL 2		a discussion		
the water			We Can Handle It — chain of events almost leads to a mishap	JUN 2	
The Continuing Saga of the Dual-Service Anti-G Suit	JUL 6		Why the Complete Brief? — H-2 pilot believes in checklists now	JUN 12	
Where Does Your Flight Gear Come From? — the Aviation Supply Office	JUL 8		The Helo Dunker, I Think I Love It! — one man's experience	JUL 28	
Ob Baby, It's Cold Outside! — antiexposure suit detailed	JUL 12		A Tale of Tail Winds — H-3s make downwind landings	AUG 16	
It's All On Your Head — new flight helmets	JUL 16		Crosswind Landing: Beware! — know your relative wind	AUG 22	
Making the Same Mistakes — signalling devices	JUL 18		Where's the Flight Deck? — heavy weather landing for an H-3	AUG 24	
Blue Water Survival — S-3 ejection	JUL 20		Compressor Stall — salt water and engines don't mix	AUG 27	
Your NOMEX Flight Suit — advantages of the material	JUL 26		Nuggets Don't Float — a nugget's first time aboard ship	OCT 9	
The Helo Dunker, I Think I Love It! — one man's experience	JUL 28		Seeing the Forest Through the Fog — night vision goggles in	DEC 30	
Take HEED and Survive — new helo emergency egress system	JUL 32		bad weather		
The Right Decision — an F-8 pilot has to ditch instead of eject	JUL 38		The Last Step — PMCFs should be taken seriously	DEC 33	
HEELS — the emergency lighting system for helos	JUL 40		Singling Up — flying on one engine	DEC 39	
Make Your SAR More Than a Fishing Expedition — lessons learned	JUL 44		"They would have seen us; our lights are on!" — two helos on a	DEC 40	
from an A-7 ejection			night flight almost collide		
The History of Ejection Seats, 1940-60	NOV 2		Humor		
An Early Abort Is Better Than a Late Ejection — a Navy's	NOV 12		Brownshoes in Action — ROE	JAN IBC	
exchange pilot's story with German F-104s			Brownshoes in Action — low-levels	MAR IBC	
Coming Soon to a Cockpit Near You — the new NACES ejection seat	NOV 14		Brownshoes in Action — weather rap	APR IBC
